Recommendations

Recommendations

MEDICAL

- IPS is recommending renewal with BCBS for the 2016-2017 plan year. BCBS has presented a competitive renewal (within 5%) against market competition and within IPS projections.
- The City has also changed providers last year from UHC to BCBS and IPS would advise against another carrier change to preserve carrier history and limit disruption to employees.
- IPS has provided recommended plan considerations for the City's review in this analysis for both BCBS and Cigna. IPS can provide additional contribution modeling with the City's input.

Dental

- Renewal with Aetna is recommended for the 2016 – 2017 plan year. Considering both rates and plan design, Aetna has provided a competitive renewal increase against market competition.
- The competition could also not match the Freedom of Choice plan allowing employees to migrate freely between the DPPO and DHMO providers. The City would be forced to have employees elect either the DPPO or DHMO plans if moving carriers.

A. Minimum construction requires sidewalks to be four inches (4") thick with #3 reinforcement at eighteen inches (18") on center both ways. Public Sidewalks located within the City or County right-of-way shall be a minimum of five feet wide. No cold joints are permitted. Complete pours between expansion joints are required. Drill dowels into existing concrete curbs and driveways and use expansion joints with slip dowels at connections of existing and new concrete. Dowels are to be stubbed out where sidewalk is to be continued in the future.

B. Sidewalk elevations shall match with the existing manhole and valve box elevations. If adjustments of the height are required, Owner shall notify the Seabrook Public Works Department (24 hours) prior to sidewalk construction. If adjustments must be made, the Owner-builder/site developer will be responsible for such adjustments. Handicap ramps are required at every street and other locations required by **Americans with Disabilities Act of 1990 (ADA)** as amended.

4.16.13. Site lighting:

A lighting photometric drawing, as part of the Lighting Plan, shall be submitted depicting the design layout and illustrating a point-by-point foot-candle lighting to achieve a minimum average level of four foot (4') candles with a maximum/minimum uniformity ratio not to exceed (10:1). All office building lighting will achieve a minimum average lighting level of four foot (4') candles. The types, size, and style of the lighting fixtures shall also appear in the form of a schedule to the Lighting Plan.

Standards for parking lots shall be a maximum of thirty-nine feet (39') tall, on a 30" diameter, 30" tall concrete base that is painted white to match the traffic marking paint, and shall have a Glare light shield fixture. The arrangement of parking lot and drive way lights should provide adequate light coverage at all parcel entries and exits.
- C. Buildings shall be adequately lit at night. Light fixtures shall be attractive, efficient, and shall not create Glare or spillover into adjacent properties. No flood lights shall be mounted on buildings except for wall packs at the rear of the buildings. Where used, the wall packs must be shielded to prevent light trespass onto adjoining properties.
- D. Spillover at perimeter property lines shall be 0.00 foot-candles measured along the property line at a height of 30" above grade. Lighting fixtures located across or adjacent to R-1 and R-2 Single Family Residential Districts shall use "House Side Shields" to minimize glare.
- E. Exterior lighting must enhance the atmosphere and safety of all public parking areas, walkways and entrances. Lighting shall be low key and placement of fixtures shall coincide with major walkway areas.
- F. Choice of light fixtures and poles, other than parking lot light fixtures, must reflect the theme and architecture of the Project. Structure illumination shall be lit with a concealed, stationary-shielded light source.
- G. All areas within the Property must be illuminated with area and decorative lighting continuously during operating hours or from dusk until at least 12:00 a.m. Each Owner of a Tract within the Project shall maintain at least one (1) exterior night light. Where multiple parcels/buildings are under one ownership, for the purposes of this exterior night light requirement, each tract shall be considered a separate tract.

AGENDA
BRIEFING

Date of Meeting: June 21, 2016

Submitter/Requestor: Cook, Bice

Date Submitted: June 15, 2016

Presenter: Cook

Description/Subject: Consider approval of Request for Proposal RFP 2016-17.

ISP Advisors, the City's Benefit Consultant, recommends renewal with BCBS (Medical - Option 1) for the FY 2016-17 plan year. The city went out to bid this year for plan start date of August 1, 2016 - July 31, 2017 for both health and dental benefits. Blue Cross Blue Shield (BCBS) and CIGNA were the 2 bidders for health insurance.

BCBS submitted a renegotiated rate which is a competitive renewal (within 5%) against market projections. While CIGNA had one set of plan designs slightly lower than BCBS, it could be a disadvantage to the City of Seabrook to change carriers again. Last year, the city had United Healthcare and switched to BCBS with a -11% decrease in rates. By maintaining our relationship with this carrier, we can preserve and build upon our history not to mention the disruption that is caused to employees when a complete new carrier is introduced during open enrollment.

As a consistent measure to design plans around financial sustainability and employee preferences, the City of Seabrook is proposing (3) options in this bid award:

1. Buy Up Plan PPO \$750 Ind/\$2,250 Fam 80%/20%
2. CORE Plan PPO \$1,500 Ind/\$4,500 Fam 80%/20%
- 3 Health Savings Plan \$3,500 Ind/\$7,000 Fam 0% /100% to Deductible

Wellness:

The City of Seabrook will continue a push for wellness with a required Biometric screening for employees. Those who do not wish to see their PCP and show proof of a wellness screening will be charged an additional \$100/month.

City Contribution

The City of Seabrook contributes 100% to employee only health benefits in the CORE Plan with a 60% supplement to the dependent portion of costs on the CORE Plan. The Buy Up Plan is an option to the employee with the cost differential back to the employees.

Fiscal Impact: Finance Officer Review Yes No
Budgeted Yes No
Budget Amendment Required Yes No

Budget Dept/Line Item Number: ***-3120

Future/Ongoing Impact: FY 15-16 will be impacted for August and September ; FY16-17 will be impacted through July 31, 2017, and Finance will estimate a slight increase again for the remainder of the new fiscal due to the dates of the current contract

Funding Comments: By selecting the alternate Option 1 negotiated, the City of Seabrook would experience a 20% increase overall in rates

14% City Contribution - Blended Rate among all plans

6% Employee Contribution - Blended Rate among all plans

*With personnel changes, the anticipated overall true impact for Health Insurance will be for FY 16-17 approximately 8-9% increase

As a review of the City's experience:

FY 14-15 11.91 increase

FY 15-16 -11.39 decrease

FY 16-17 14.00 increase (City Contribution).

Important Questions	Answers	Why this Matters:
What is the overall <u>deductible</u> ?	Network: \$750 Individual/ \$2,250 Family. Out-of-Network: \$1,500 Individual/ \$4,500 Family. Doesn't apply to In-Network preventive care, In-Network office visits, or prescription drugs. Copays and prescription drug costs don't count toward the overall deductible.	You must pay all the costs up to the deductible amount before this plan begins to pay for covered services you use. Check your policy or plan document to see when the deductible starts over (usually, but not always, January 1st). See the chart starting on page 3 for how much you pay for covered services after you meet the deductible .
Are there other <u>deductibles</u> for specific services?	No.	You don't have to meet deductibles for specific services, but see the chart starting on page 3 for other costs for services this plan covers.
Is there an <u>out-of-pocket limit</u> on my expenses?	Yes. Network: \$3,750 Individual/ \$10,200 Family. Out-of-Network: \$7,500 Individual/ \$22,500 Family. Rx Out-of-Pocket expense limit: \$1,000 Individual/ \$3,000 Family.	The out-of-pocket limit is the most you could pay during a coverage period (usually one year) for your share of the cost of covered services. This limit helps you plan for health care expenses.
What is not included in the <u>out-of-pocket limit</u> ?	Premiums, balance-billed charges, and health care this plan doesn't cover.	Even though you pay these expenses, they don't count toward the out-of-pocket limit .
Does this plan use a <u>network of providers</u> ?	Yes. See www.bcbstx.com or call 1-800-810-2583 for a list of Network Providers.	If you use an in-network doctor or other health care provider , this plan will pay some or all of the costs of covered services. Be aware, your in-network doctor or hospital may use an out-of-network provider for some services. Plans use the term in-network, preferred , or participating for providers in their network . See the chart starting on page 3 for how this plan pays different kinds of providers .
Do I need a referral to see a <u>specialist</u> ?	No. You don't need a referral to see a specialist.	You can see the specialist you choose without permission from this plan.

Important Questions	Answers	Why this Matters:
Are there services this plan doesn't cover?	Yes.	Some of the services this plan doesn't cover are listed on page 5. See your policy or plan document for additional information about excluded services .

- **Copayments** are fixed dollar amounts (for example, \$15) you pay for covered health care, usually when you receive the service.
- **Coinsurance** is *your* share of the costs of a covered service, calculated as a percent of the **allowed amount** for the service. For example, if the health plan's **allowed amount** for an overnight hospital stay is \$1,000, your **coinsurance** payment of 20% would be \$200. This may change if you haven't met your **deductible**.
- The amount the plan pays for covered services is based on the **allowed amount**. If an out-of-network **provider** charges more than the **allowed amount**, you may have to pay the difference. For example, if an out-of-network hospital charges \$1,500 for an overnight stay and the **allowed amount** is \$1,000, you may have to pay the \$500 difference. (This is called **balance billing**.)
- The plan may encourage you to use Network **providers** by charging you lower **deductibles**, **copayments**, and **coinsurance** amounts.

About These Coverage Examples:

These examples show how this plan might cover medical care in given situations. Use these examples to see, in general, how much financial protection a sample patient might get if they are covered under different plans.

This is not a cost estimator.

Don't use these examples to estimate your actual costs under the plan. The actual care you receive will be different from these examples, and the cost of that care also will be different.

See the next page for important information about these examples.

Questions and answers about Coverage Examples:

What are some of the assumptions behind the Coverage Examples?

- Costs don't include **premiums**.
- Sample care costs are based on national averages supplied by the U.S. Department of Health and Human Services, and aren't specific to a particular geographic area or health plan.
- The patient's condition was not an excluded or preexisting condition.
- All services and treatments started and ended in the same coverage period.
- There are no other medical expenses for any member covered under this plan.
- Out-of-pocket expenses are based only on treating the condition in the example.
- The patient received all care from in-network **providers**. If the patient had received care from out-of-network **providers**, costs would have been higher.

What does a Coverage Example show?

For each treatment situation, the Coverage Example helps you see how **deductibles**, **copayments**, and **coinsurance** can add up. It also helps you see what expenses might be left up to you to pay because the service or treatment isn't covered or payment is limited.

Does the Coverage Example predict my own care needs?

- ✗ **No.** Treatments shown are just examples. The care you would receive for this condition could be different based on your doctor's advice, your age, how serious your condition is, and many other factors.

Does the Coverage Example predict my future expenses?

- ✗ **No.** Coverage Examples are **not** cost estimators. You can't use the examples to estimate costs for an actual condition. They are for comparative purposes only. Your own costs will be different depending on the care you receive, the prices your **providers** charge, and the reimbursement your health plan allows.

Can I use Coverage Examples to compare plans?

- ✓ **Yes.** When you look at the Summary of Benefits and Coverage for other plans, you'll find the same Coverage Examples. When you compare plans, check the "Patient Pays" box in each example. The smaller that number, the more coverage the plan provides.

Are there other costs I should consider when comparing plans?

- ✓ **Yes.** An important cost is the **premium** you pay. Generally, the lower your **premium**, the more you'll pay in out-of-pocket costs, such as **copayments**, **deductibles**, and **coinsurance**. You should also consider contributions to accounts such as health savings accounts (HSAs), flexible spending arrangements (FSAs) or health reimbursement accounts (HRAs) that help you pay out-of-pocket expenses.

About These Coverage Examples:

These examples show how this plan might cover medical care in given situations. Use these examples to see, in general, how much financial protection a sample patient might get if they are covered under different plans.

This is not a cost estimator.

Don't use these examples to estimate your actual costs under the plan. The actual care you receive will be different from these examples, and the cost of that care also will be different.

Questions and answers about Coverage Examples:

What are some of the assumptions behind the Coverage Examples?

- Costs don't include **premiums**.
- Sample care costs are based on national averages supplied by the U.S. Department of Health and Human Services, and aren't specific to a particular geographic area or health plan.
- The patient's condition was not an excluded or preexisting condition.
- All services and treatments started and ended in the same coverage period.
- There are no other medical expenses for any member covered under this plan.
- Out-of-pocket expenses are based only on treating the condition in the example.
- The patient received all care from in-network **providers**. If the patient had received care from out-of-network **providers**, costs would have been higher.

What does a Coverage Example show?

For each treatment situation, the Coverage Example helps you see how **deductibles**, **copayments**, and **coinsurance** can add up. It also helps you see what expenses might be left up to you to pay because the service or treatment isn't covered or payment is limited.

Does the Coverage Example predict my own care needs?

- ✗ **No.** Treatments shown are just examples. The care you would receive for this condition could be different based on your doctor's advice, your age, how serious your condition is, and many other factors.

Does the Coverage Example predict my future expenses?

- ✗ **No.** Coverage Examples are **not** cost estimators. You can't use the examples to estimate costs for an actual condition. They are for comparative purposes only. Your own costs will be different depending on the care you receive, the prices your **providers** charge, and the reimbursement your health plan allows.

Can I use Coverage Examples to compare plans?

- ✓ **Yes.** When you look at the Summary of Benefits and Coverage for other plans, you'll find the same Coverage Examples. When you compare plans, check the "Patient Pays" box in each example. The smaller that number, the more coverage the plan provides.

Are there other costs I should consider when comparing plans?

- ✓ **Yes.** An important cost is the **premium** you pay. Generally, the lower your **premium**, the more you'll pay in out-of-pocket costs, such as **copayments**, **deductibles**, and **coinsurance**. You should also consider contributions to accounts such as health savings accounts (HSAs), flexible spending arrangements (FSAs) or health reimbursement accounts (HRAs) that help you pay out-of-pocket expenses.

If you aren't clear about any of the underlined terms used in this form, see the Glossary. You can view the Glossary at www.dol.gov/ebsa/pdf/SBCUniformGlossary.pdf or call 1-855-756-4448 to request a copy.

This is only a summary. If you want more detail about your coverage and costs, you can get the complete terms in the policy or plan document at www.bcbstx.com/member/policy-forms/ or by calling 1-800-521-2227.

Important Questions	Answers	Why this Matters:
What is the overall <u>deductible</u> ?	Network: \$3,500 Individual/ \$7,000 Family. Out-of-Network: \$7,000 Individual/ \$14,000 Family. Doesn't apply to In-Network preventive care.	You must pay all the costs up to the deductible amount before this plan begins to pay for covered services you use. Check your policy or plan document to see when the deductible starts over (usually, but not always, January 1st). See the chart starting on page 2 for how much you pay for covered services after you meet the deductible .
Are there other <u>deductibles</u> for specific services?	No.	You don't have to meet deductibles for specific services, but see the chart starting on page 2 for other costs for services this plan covers.
Is there an <u>out-of-pocket limit</u> on my expenses?	Yes. Network: \$3,500 Individual/ \$7,000 Family. Out-of-Network: \$14,000 Individual/ \$28,000 Family.	The out-of-pocket limit is the most you could pay during a coverage period (usually one year) for your share of the cost of covered services. This limit helps you plan for health care expenses.
What is not included in the <u>out-of-pocket limit</u> ?	Preauthorization penalties, premiums, balance-billed charges, and health care this plan doesn't cover.	Even though you pay these expenses, they don't count toward the out-of-pocket limit .
Does this plan use a <u>network of providers</u> ?	Yes. See www.bcbstx.com or call 1-800-810-2583 for a list of Network Providers.	If you use an in-network doctor or other health care provider , this plan will pay some or all of the costs of covered services. Be aware, your in-network doctor or hospital may use an out-of-network provider for some services. Plans use the term in-network, preferred , or participating for providers in their network . See the chart starting on page 2 for how this plan pays different kinds of providers .
Do I need a referral to see a <u>specialist</u> ?	No. You don't need a referral to see a specialist.	You can see the specialist you choose without permission from this plan.
Are there services this plan doesn't cover?	Yes.	Some of the services this plan doesn't cover are listed on page 5. See your policy or plan document for additional information about excluded services .

Blue Cross and Blue Shield of Texas, a Division of Health Care Service Corporation, a Mutual Legal Reserve Company, an Independent Licensee of the Blue Cross and Blue Shield Association

- **Copayments** are fixed dollar amounts (for example, \$15) you pay for covered health care, usually when you receive the service.
- **Coinsurance** is *your* share of the costs of a covered service, calculated as a percent of the **allowed amount** for the service. For example, if the health plan's **allowed amount** for an overnight hospital stay is \$1,000, your **coinsurance** payment of 20% would be \$200. This may change if you haven't met your **deductible**.
- The amount the plan pays for covered services is based on the **allowed amount**. If an out-of-network **provider** charges more than the **allowed amount**, you may have to pay the difference. For example, if an out-of-network hospital charges \$1,500 for an overnight stay and the **allowed amount** is \$1,000, you may have to pay the \$500 difference. (This is called **balance billing**.)
- The plan may encourage you to use Network **providers** by charging you lower **deductibles**, **copayments**, and **coinsurance** amounts.

BRIEFING

Submitter/Requestor: Cook, Bice

Description/Subject: Consider approval of Request for Proposal RFP 2016-17 Dental Insurance Renewal

ISP Advisors, the City's Benefit Consultant, recommends renewal with Aetna Dental Freedom of Choice for the FY 2016-17 plan year and remaining FY 2015-16.. This current contract with Aetna Dental and the city would be expiring July 31, 2016; therefore the city went out to bid this year for plan start date of August 1, 2016 - July 31, 2017 for dental benefits.

The City received four (4) bidders: Aetna, BCBS, Lincoln, and CIGNA. While Aetna was not the apparent low bidder, when the analysis was completed on the plan design, the employees would lose several options in the other offered designs. The structure of the Freedom of Choice is the most beneficial plan option that the other carriers do not offer.

This option allows employs to stay in one tier (DMO) if only maintenance and cleaning are required with an option to change in any month without penalty and use only select tier

BCBS submitted a renewal rate which is a competitive renewal (within 5%) against market projections.

City Contribution

The City of Seabrook contributes 100% to employee only dental benefits in the CORE Plan with employees paying 100% of the dependent portion of costs.

Re: **Recommendation of Award**
Delabrook Court Paving Improvements
Seabrook Project No. 2016-06

Dear Mr. Chairez,

Bids for the referenced project were received on June 13, 2016 and a tabulation of those are attached to this letter. The low bid was submitted by **First Katy Construction & Services**. Based on our review of the bid by the low bidder, the bidder is not the best value to the City due to an error in their bid. After review of the next lowest bid and qualifications of the bidder, we recommend award of the contract to **Precise Services, Inc.** for a total Bid Price of **\$171,681.00**. If you have any questions or require additional information, I can be contacted at 713-462-3242.

Sincerely,

COBB, FENDLEY & ASSOCIATES, INC.
